

CONSTRUCTION ADVISORY OCTOBER 2, 2018

To: Members of the Holmdel Community

From: Robert A. McGarry, Ed.D.
Superintendent of Schools

Date: October 2, 2018

Re: Holmdel 2020 Construction Advisory - Tennis Courts

The purpose of this memo is to inform the community about the exciting Holmdel 2020 work set to begin soon after October 12th that will impact the community's access to the Tennis Courts at Holmdel High School.

As you may have noticed, the renovation of the fields behind the Satz-HS Complex is well underway (click [here](#) to see this progress). Included in this work has been preparation of part of that land, including the new retaining wall, where our new lighted tennis courts will be located.

The reason for the closure of the old courts during this time is that the old tennis court surface will be recycled to construct the new sub-base for the new pathways leading to and around the fields. As such, we will be without courts until the Spring of 2019.

It is certainly exciting to witness the first of the Holmdel 2020 projects as they are initiated! We are asking for the community's patience and understanding as these massive projects are undertaken. Please know that we are working hard to keep all construction zones as safe as possible and appreciate your partnership and cooperation in these efforts.
